

Critical Intelligence Problems Committee

Office of the Chairman

19 July 1983

NOTE FOR: DD/ICS

VIA: C/CI

FROM: VC/CIPC

SUBJECT: Seminars for Senior Members of  
of the IC Staff

STAT

1. You asked some weeks ago what I might be able to recommend with respect to NSA orientation courses for IC Staff employees.

2. As indicated in the attached memo, I find that NSA has given (and would I'm sure be pleased to give again) a 3-day "IC Staff Seminar" which I think would be ideal to reinstitute for those on the staff who would find it useful.

STAT

Passed to you for  
appropriate action per staff  
meeting discussion.

UNITED STATES GOVERNMENT

# memorandum

DATE: 12 JUL 1983

REPLY TO  
ATTN OF: A/ADT

SUBJECT: Seminars for Senior Members of the IC Staff

TO: [REDACTED] CIPC

STAT

1. This is to repond to your query about training for senior members of the IC staff. As [REDACTED] told you over the phone Monday, it turns out that we have a three-day seminar designed specifically to meet the need you expressed.

STAT

2. The seminar, entitled "IC staff seminar," provides an introduction to SIGINT operations, processes, and techniques. It is conducted by Agency seniors; on the two previous occasions it has been given, it ended with an hour with the D/DIR. Please contact [REDACTED] for further details; She may be reached on [REDACTED]

STAT

3. Of course a much more thorough introduction is afforded through the seven-week CY-600. The IC staff might wish to request a "slot" or so in future offerings.

STAT

[REDACTED]  
Acting  
Assistant Director  
for  
Training
